DECLASSIFIED AND RELEASED BY CENTRAL INTELLIGENCE AGENCY SOURCES METHODS EXEMPTION 3828 NAZIWAR CRIMES DISCLOSURE ACT DATE 2007

1. Per para 2 of reference, the following is a letter dated 30th September 1953 from ATRCERT to

"I have now received the proofs of the 15th September (Not lst October) OBKECK from RNLUMPIT, but these have arrived far too late to be put to any practical use for our impending operation. I feared that this might happen and therefore instructed RNLUMPIT in early September to accept offer of late August to have 300,000 copies of the lst October issue printed in Frankfurt.

It would appear that sade his offer without full knowledge of your latest budgetary position, which has certainly had unfortunate repercussions as far as we are concerned, since we have found curselves without the numbers of leaflets we planned to drop. At this late hour we are not able to alter the timing of our proposed drep.

I note that you will not in future be able to print OEKEEKS for us. When we wish to use OEKEEKS henceforth we will accordingly print here, but with our limited facilities, any OEKEEKS which we use are bound to be a little stale by the time they are dropped.

I now attach copies of the operational version of the leaflet to be used. (See OELA-3501 of 21 September 1953)

2. As Readquarters can see from the above, the handling of this OBKREK issue has created rather a touchy situation with JAVELIN.

has passed his regrets to AIRCERT that the proofs were not received in good time and hopes this will be the last we hear of the problem.
